ADDITIONAL APPLICATION MATERIALS

ESSAY

Holy Names University is a community of educators and students dedicated to learning through a framework of social justice and service. HNU is also a dynamic and very diverse community where students prepare for leadership in a global world by living and studying with people from many different backgrounds.

One of the requirements of admission to the HNU community is for you to tell us a little bit about yourself in the context of social justice, service, and diversity. While there are several ways to consider these three issues, we are interested in knowing more about the ways you see them.

Please respond thoughtfully to one of the following questions in no more than two pages. Double space your responses and submit them along with this application. We also request that you email a copy of the essay to admissionsessay@hnu.edu.

1. Please describe a difficult situation in your life where you needed to overcome adversity. What did you learn from that experience and how does it help you better understand other people?
2. Please describe a situation in your life when a person you respected would have said you were a leader. As you think about that situation, describe whether you were serving others, leading by example, motivating, organizing, or all of the above. What do you think the relationship is between leading and serving?
3. Please describe a situation in your life when you were involved with someone who was very different from you. As you think about that situation, describe what diversity means to you and what you believe are the benefits of living and studying in a diverse environment.
