Note

(1) The Freshmen cohort in this report was defined based on students' entering Program Type, regardless of their transferred units. If students enrolled as EAP, Freshman, Freshman FX, or Fresh Other and their Admit Term is Fall 2010, they belong to the entering cohort for Fall 2010.

(2) Probation Rate is the percentage of the incoming cohort that has ever been on probation, subjected to disqualification, or disqualified any time from Fall 2009 to Summer 2015.

(3) Retention Rate is the percentage of the incoming cohort that returned and finished academic courses (i.e. cum.GPA is not missing). Those stopped or dropped out and returned later years were also included in the retained cohorts. The Retention Rate After 1 Year of the Fall 2014 cohort was calculated based on the enrollment data as of September 20, 2015.

(4) All students enrolled in special programs such as BSN 2+ 2 were not included in the report.

(5) ALANA includes the ethnic groups of Asian, Native American/Alaska Native, Black/African American, Hispanic of Any Race, and Hawaiian/Pacific Islander.

(6) Fall 2014 figures are updated because the last report was released during last fall semester without Spring and Summer 2015 data.
